Subject- Seeking permission to organise a Health and Gender Training with your students.

Respected Madam,

Vacha Charitable Trust works with intersectionally deprived adolescent girls in underprivileged slum communities by creating safe spaces in Mumbai and Kalyan for the last 35 years. We work to empower adolescent girls by enhancing them with 21st century life skills. Additionally, we organize multiple programs and events like health and gender fairs, workshops, and film screenings in BMC and KDMC schools and colleges

We write to you seeking permission to organise a Health and Gender Training for your students. This training is in collaboration with Friedrich-Ebert-Stiftung (FES) and will be a two day training. On the first day, we will impart gender training to 30 participants. On the second, day, these 30 trained participants will organize a Gender and Health Fair with 100-150 college students.

To organize this training, on Day 1, we need a college classroom/hall and for Day 2, we need a corridor and hall to exhibit the stalls. On completion of the two day training, the participants will get awarded with certificates. Trainings of this nature is very critical for students which helps them in moulding their thought process and bringing about a change in their personality.

Looking forward to your positive response.

Best regard,

Ankita Tambe
