| | | ICT Tools | 26 - 27 |
| 2 | Archana Dhawade | Cyber Security | 24 - 25 |
| 3 | Chitrarth Kate | Excelling with Excel for Smart Results | 37 - 40 |
| | | Online Workshop and Coursework on Research Methodology for Quantitative Research in Social Science | 32 - 33 |
| 4 | Dr Prashant Shelar | Online teaching learning tools | 01 - 06 |
| | | Online Teaching and E Content | 14 - 17 |
| | | International Yoga awareness | 20 |
| | | Research methodology | 31 |
| | | Gateway to innovation | 21 - 23 |
| 5 | Hyder Khan | Online teaching learning tools | 01 - 04 |
| 6 | Jinga Sadhu | Online teaching learning tools | 01 - 05 |
| 7 | Prachi Shah | Artificial Intelligence in Classroom Teaching | 09 - 11 |
| 8 | Pragati Yerunkar | Counselling children's and Adolescents | 18 - 19 |
| 9 | Tejaswini Parab | Online teaching learning tools | 01 - 03 |
| | | Basic Excel Skills | 42 |
| 10 | Vaishali Trivedi | Online Teaching and E Content | 14 - 16 |
| | | Future of Examinations: Bloom's Taxonomy and Multiple Assessment Tools | 28 - 30 |
| 11 | Vikram Desai | Excelling with excel for smart result | 37 - 39 |
| | | Investment in share market | 43 - 45 |
| | | Research methodology | 35 - 36 |
| 12 | Iqbal Baig | Excelling with excel for smart result | 37 - 41 |

2020-21

Faculty Development Programme: "Online Teaching and E-Content"

Date: 3rd and 4th Of June, 2020

Organised by: IIDE

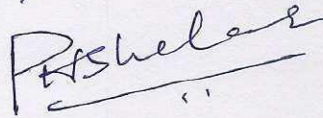

Program Overview:

This Online Faculty Development Programme is diligently planned around developing the required skills to effectively utilize ICT tools and make them an essential component of the teaching-learning framework. The programme aims to assist the teaching fraternity from all disciplines in using various technologies related to the development of e-content and managing online classes. The FDP is designed to disseminate knowledge of some of the important digital tools used for academic purposes. This will help them to manage their curriculum and also in extending effective support to the students in terms of improved learning and communication.

Course Name: "A Hands On Ethical Hacking Course - Learn From Scratch"

Completed Date: 3rd June 2020

Duration: 34 minutes.

Description:

The phrase "ethical hacking" may seem counterintuitive, but it is an invaluable tool for the betterment of technology. Ethical hacking involves the testing of IT resources to ensure their security. Gain an in-depth introduction to related concepts from defence strategy to incident management in this comprehensive course.

In "Introduction to Ethical Hacking", you will be introduced to various concepts including vulnerabilities, exploits, penetration testing, pentest types and methodology. Further, we will explore vulnerability management and security policy development.

At the end of this course you will have a basic understanding of the various concepts involved in ethical hacking.

What you'll learn

- Setting Up Your Hacking Lab
- Using Kali Linux - Hacking Operating System
- Password Attacks
- Social Engineering
- Bypassing Antivirus Applications
- Post Exploitation
- Wireless Attacks

Learnings:

The course offered a comprehensive range of topics related to ethical hacking and penetration testing, which I found very informative. I highly recommend this course to other students, especially those looking to begin a career in ethical hacking. However, it is crucial to have a basic understanding of networking and cybersecurity concepts before enrolling, and I hope the course content will be updated regularly to keep up with the ever-evolving field of cybersecurity.

Personal Recommendations

1. As a student who completed this course, I would suggest the following:
2. Prepare by acquiring some basic knowledge of networking and cybersecurity concepts before starting the course.
3. Make the most of the hands-on labs and exercises; they are invaluable for practical experience.
4. Stay updated with industry news and trends to complement the course content.
5. My experience with the "A Hands-On Ethical Hacking Course - Learn From Scratch" has been rewarding, and I look forward to applying my newly acquired skills in the cybersecurity field.

FDP: "Artificial Intelligence in Classroom Teaching"

Date: 6th June 2020

I recently participated in an online Faculty Development Program (FDP) on "Artificial Intelligence in Classroom Teaching," and I'm delighted to share my experiences and insights from the program. As an attendee, my primary goal was to enhance my understanding of how artificial intelligence (AI) can be integrated into classroom teaching and its potential impact on education.

Program Overview

The FDP was designed to provide educators with an in-depth understanding of AI and its applications in the field of education. It covered a variety of topics, including:

1. **Introduction to Artificial Intelligence:** The program began with a comprehensive introduction to AI, including its history, core concepts, and its relevance to education.
2. **AI Tools and Platforms:** Attendees were introduced to various AI tools and platforms that can be used to create interactive and personalized learning experiences.
3. **AI in Content Creation:** The program explored how AI can be used to develop educational content, from automated content generation to personalized content recommendations.
4. **AI for Student Assessment:** This section delved into the use of AI for student assessments, including automated grading and feedback systems.
5. **AI-Powered Chatbots and Virtual Assistants:** Attendees learned about AI-driven chatbots and virtual assistants for providing real-time support and information to students.
6. **AI for Personalized Learning:** The program discussed how AI can be employed to tailor learning experiences to individual student needs, promoting better engagement and retention.

FDP Attended: "Academic Enhancement in Digital Teaching and Learning"

Date: 11-6-2020 to 12-06-2020

Organized by: St. Peter's College of Engineering and Technology

Program Overview

The central theme of the webinar was the significant impact of online pedagogy on student engagement. Several presentations highlighted how online learning platforms are evolving to include interactive multimedia content, discussion forums, and live interactive sessions, which have the potential to greatly enhance student motivation and participation.

FDP Attended: "Gateway to Innovation"

Date: 22-6-2020 to 26-06-2020

Organized by: Shrimati Indira Mahadev Beharay College of Arts Shriman Chandulal Sheth College of Commerce

Program Overview

The "Gateway to Innovation" FDP was a well-structured and thoughtfully designed online event. It aimed to empower educators with innovative teaching strategies, technologies, and pedagogical approaches that can be integrated into their classrooms. The program covered various aspects of innovation in education, including:

- Leveraging technology for teaching and learning.
- Design thinking and creative problem-solving in the classroom.
- Active learning techniques.
- Adaptation to online and blended learning environments.
- Assessing and measuring the impact of innovative teaching methods.

Report on "Online Workshop and Coursework on Research Methodology for Quantitative Research in Social Science," organized by Vidyalankar School of Information Technology

The workshop took place from May 3, 2021, to May 15, 2021, and I had the privilege of attending this enlightening and educational event.

The content and curriculum of the workshop were well-structured, comprehensive, and highly relevant to the field of quantitative research in social science. The topics covered a wide range of research methodologies, statistical tools, and practical applications. The materials were not only informative but also engaging, making it easy to grasp complex concepts.

The instructors and facilitators were exceptionally knowledgeable and experienced in the subject matter. Their expertise was evident in the way they delivered the course content and provided clear explanations. Their approachability and willingness to address questions and provide additional insights greatly enriched the learning experience.

One of the workshop's strengths was the emphasis on interactive learning. The use of online discussion forums, group activities, and live Q&A sessions fostered an engaging and collaborative learning environment. This approach not only deepened my understanding of the topics but also facilitated valuable interactions with fellow participants, leading to networking opportunities.

The workshop encouraged hands-on learning and practical application of the concepts taught. Participants were given opportunities to work on real-world research problems, applying the techniques and methodologies learned during the coursework. This practical experience was invaluable in reinforcing theoretical knowledge.

The support provided by Vidyalankar School of Information Technology was commendable. Technical issues were promptly addressed, and course materials, readings, and additional resources were readily accessible. The wealth of resources offered contributed to self-study and further exploration of the subject.

The workshop's certification upon completion added significant value to my academic and professional profile. In conclusion, my participation in the workshop has been a rewarding and enriching experience.

Report on Investment in Share Market

Date of Training: 11th May to 15th May 2021

Mode: Online Mode

Organising College: Rayat Shikshan Sanstha's Shripatrao Kadam Mahavidyalaya

Report:

In the sessions conducted for 5 days we were taught importance of investment in Share Market. How it is beneficial to invest in current situation. How to convert old shares to Demat which makes trading much easier? How to open Demat Account? How to use Demat account for trading? Their thorough knowledge benefited us and it was easy for us to make appropriate decision at right time. All days sessions were very useful to us.
