REPORT OF 5 DAYS SYMPOSIUM ON NATIONAL EDUCATION POLICY (NEP) 2020

ORGANISED BY ST. FRANCIS INSTITUTE OF MANAGEMENT & RESEARCH

26th September,2022 – 30th September, 2022

DAY 1: Session 1:

Topic: Major Reforms in New Education Policy (NEP) 2020 for Higher Education Institutions (HEIs)

Speaker: Prof. V.N. Rajasekharan Pillai (Vice – chancellor of Samaiya Vidya Vihar University and ProProvost, Samaiya Vidyavihar
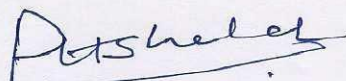

Session 2:

Topic: Multidisciplinary/Interdisciplinary Dimensions in providing Degrees at HEIs

Speaker: Dr. S. Sankar

The NEP 2020 proposes various reforms in higher education including technical education. Some of the saliant features of NEP2020 are as follows:

- Exposure of vocational education higher education system;

- Increasing GER in higher education to 50%;
- Holistic and Multidisciplinary Education with multiple entry/exit options;

- NTA to offer Common Entrance Exam for Admission to HEIs;

- Establishment of Academic Bank of Credit;
- Setting up of Multidisciplinary Education and Research Universities (MERUs);

- Setting up of National Research Foundation (NRF);
- Single overarching umbrella body for promotion of higher education sector including teacher education and excluding medical and legal education- the Higher Education Commission of India (HECI)-with independent bodies for standard setting- the General Education Council; funding - Higher Education Grants Council (HEGC); accreditation- National Accreditation Council (NAC); and regulation- National Higher Education Regulatory Council (NHERC);
- Expansion of open and distance learning to increase Gross Enrolment Ratio (GER).
- Internationalization of Education
- Professional Education will be an integral part of the higher education system. Stand-alone technical universities, health science universities, legal and agricultural universities, or institutions in these or other fields, will aim to become multi-disciplinary institutions.

PRINCIPAL

COLLEGE OF COMMERCE SCIENCE
& INFORMATION TECHNOLOGY
Caves Road, Jogeshwari (E), Mumbai-400 060.

4

- Teacher Education - 4-year integrated stage-specific, subject- specific Bachelor of Education
- Establishing a National Mission for Mentoring.
- Creation of an autonomous body, the National Educational Technology Forum (NETF) to provide a platform for the free exchange of ideas on the use of technology to enhance learning, assessment, planning, administration. Appropriate integration of technology into all levels of education.
- Achieving 100% youth and adult literacy.
- Multiple mechanisms with checks and balances will combat and stop the commercialization of higher education.
- All education institutions will be held to similar standards of audit and disclosure as a 'not for profit' entity.
- The Centre and the States will work together to increase the public investment in Education sector to reach 6% of GDP at the earliest.
- Strengthening of the Central Advisory Board of Education to ensure coordination to bring overall focus on quality education.

DAY 2: Session 3:

Topic: Quality Assurance, Accreditation and Assessment in Higher Education: NBA Perspective.
Speaker: Prof. Shalini Bharat

Session 4:
Topic: Quality Assurance, Accreditation and Assessment in Higher Education: NAAC Perspective
Speaker: Dr. Bhalchandra Bhole

Higher education accreditation is compulsory for all higher educational institutions except those created under the special act of the parliament as without it no institution has right to award degrees or call themselves. Universities has identified the following accreditation agencies involved in grading.

1. **The Ministry of Human Resource Development (MHRD)** The Ministry of Human Resource Development (MHRD) is the chief regulatory body and is responsible for supervising and smooth functioning of universities in India. It operates through its chief regulatory body UGC. Other major organisations that contribute to the educational scenarios are AICTE and NAAC. These Statutory bodies have been constituted by the Government of India which play an active role in assuring and maintaining the quality of higher education in India. International

2. Is the statutory body that came into being by the special act of parliament. in 1956. It is the apex body that provides recognition to universities in India and is also responsible for determination and maintenance of quality of teaching, examination and research within the universities. It further keeps a track of the financial needs of the universities and disburses grants to various universities as per allocation done by it. It serves as a vital link between state govt. and other

5

institutes of higher learning by advising them regarding various measures to be taken to improve the quality of university education. In order to monitor the standards of higher education an autonomous body under sec 12 c of the Universities Act in September 1994, 3.

3. **All India Council for Technical Education (AICTE)** Established in November 1945 this regulatory council ensures the proper planning and development of technical education in India. It includes the following streams of higher education: such as engineering, technology, pharmaceutical sciences, architecture, town planning, and hotel management, catering technology and applied arts and crafts. It is responsible for the proper planning and co-ordinated development of technical education along with accrediting the post graduate and graduate programmes.

4. National Assessment and Accreditation Council (NAAC): The UGC established NAAC in September 1994, in Bangalore to elaborate the performance of universities and colleges in the country. Its purpose is to evaluate, assess and accredit universities and colleges in the country. the assessment process designed by NAAC is based on the self-study along with peer review using various criteria's. the Certification given by NAAC is valid for 7/5 years and it has identified 7 criteria's for assessment that includes Curricular aspects, Teaching-learning and evaluation, Research, Consultancy and extension, Infrastructure and learning resources, Student support and progression, Governance and leadership and Innovative practices The Government has made it mandatory for all the college and universities for accreditation. Institutes failing to do so cannot avail the scholarship and free ship facilities.

5. National Board of Accreditation (NBA): NBA is established by the AICTE, this body periodically evaluates technical institutions and programs based on the norms and standards laid down by the Council. NBA in its present form came into existence as an autonomous body on 7th January, 2010, under the aegis of AICTE, with the objective of assurance of quality and relevance of education especially in technical disciplines. The future of these Institutions will depend on the grades obtained from theses bodies and they will have to maintain the higher grades to run the Institutions. The Best parameters will have best results to keep quality in higher educational Institute

DAY 3: Session 5:
Topic: GER Access, Equity and Inclusivity.
Speaker: Dr. K. Maran, Shri Ram Institute of Management studies, Chennai

Session 6: Academic Bank of Credits and Transformation of Curriculum towards Outcome Based Education (OBE)
Speaker: Dr. S.S.Bhakar, Vice Chancellor, ITM University.

The aim of equity and inclusion is now at the heart of new NEP. In the fields of higher, inclusion involves restructuring the whole system with the aim of ensuring the wide range of educational opportunities; this includes curriculum, pedagogy and recreational opportunities, etc. The policy is designed to avoid segregation and isolation of ethnic and linguistic minorities, those with disabilities

COLLEGE OF COMMERCE SCIENCE
& INFORMATION TECHNOLOGY
Caves Road, Jogeshwari (E), Mumbai-400 060.

6

and also those who face learning difficulties due to language barriers and are at the risk of educational exclusion. NEP 2020 has set the goal for all to be authoritative with the command of different languages at different levels of education.

"Outcome-Based Education" (OBE) is the buzzword in Indian higher education today. It is being adopted at a fast pace in various colleges at the moment. OBE is considered as a giant leap forward to improve the quality of higher education, particularly technical education and help Indian graduates compete with their global counterparts. OBE going to change education sector in India. OBE is an educational approach and a learning philosophy, focusing and organizing the entire academic programs (curriculum) and instructional efforts around clearly defined 'outcomes' . It is a student-centered instruction model that focuses on measuring student performances through outcomes. Outcomes are usually expressed in terms of a mixture of knowledge, skills, abilities, attitudes and understanding that a student will attain as a result of his/her successful engagement in a particular set of higher education experience.

DAY 4: Session 7:

Topic: Structural Reforms in Education System: Partnering with Foreign Institutions Versus Nationality renowned Institutions
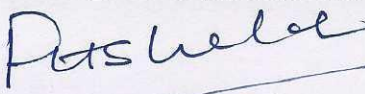

Speaker: Dr. Amit Kamboj, Registrar B.R. Ambedkar National Law University.

Session 8:

Topic: Challenges in the Teaching Role in Higher Education

Speaker: Prof A.K . Bakhshi, Vice Chancellor, PDM University.Haryana.

The National Education Policy, 2020 ("**NEP**") formulated by the Government of India places special emphasis on internationalisation of higher education. It not only extensively focuses on attaining the highest global standards in the quality of higher education, but also reinforces the need to attract a greater number of international students and achieve the goal of "internationalisation at home". The policy also appreciates the critical need to promote India as a "global study destination" providing premium education at affordable costs thereby, helping to restore its role as Vishwa Guru. It strongly encourages collaboration with foreign higher educational institutions in academia and research, and other forms of arrangements such as offshore campuses of foreign HEIs in India and vice versa.

DAY 5: Session 9:

Topic: Effective Governance and Leadership for Higher Education Institutions.

Speaker: Dr. A.P. Jayaraman, Chairman NCSC.

Session 10:

Topic: Online and Digital Education: Ensuring Equitable Use of Technology.

Speaker: Mr. Mandar Bhanushe, Head IDOL, University of Mumbai.

The change in the global landscape, social and political, has prompted a call for change in how high educational institutions convey and work in this new space. Leadership is one of the most talked about parts of higher education frameworks over the globe today. A considerable lot of the issues in higher education when all is said is done and creating nations specifically originates from academic and organizational leadership. It is the proficiency, dynamism, vision, and individual just as professional astuteness of the leader that to a great extent decides the accomplishment of institutions. Leadership has been progressively perceived as an issue of vital concern inferred from the way that universities are the unpredictable organizations in which the individual in leadership position stands up to with difficulties on a few fronts. On the one front the leader needs to manage enhanced accomplices of individuals establishing academic, administrative, technical and other supporting staff and understudies also, then again he/she needs to manage the complexities of organization, fund, and academic and plenty of different issues in dealing with the university.

One of the key characteristics of an academic leader is the ability to impact change and change the vision into the truth of achieving the expressed object.

The rapid expansion of the higher education system at the same time has brought several pertinent issues related to equity, efficiency, excellence and access to higher education in the country. many issues of concern to be taken care of by the stakeholders in the national as well as the global levels were discussed.

Report on "Covid – Budget | Digital Era Upscaling & Upskilling"

Date of Training: 09th February 2023

Mode: Online

Organising College: Bharatiya Vidya Bhavan's Hazarimal Somani College of Arts and Science

Report:

As we all know that COVID was one of the worst ever pandemic in the world. Each one of us wanted mental peace and moral support. This FDP was one of the best ever FDP's during such situation which helped lot of us to know about Upscaling our own selves as we the people of India were not using online platform for our studies. Almost all of us adopted online working environment very quickly and started earning our bread and butter. It was very challenging for teachers to adopt the technology as it was not that developed earlier neither former training was ever given to teachers for using such upgraded technology. This FDP helped lot of people in the education field to know about the new techniques and they learnt lot of skills to be used for online teaching methodology.

Report on Unlocking the potential of CHATGPT

Date of Training: 25th March 2023

Mode: Online

Organising College: Smt. Durgadevi Sharma Charitable Trust's Chandrabhan Sharma College of Arts, Science & Commerce

Report:

One of the best initiatives taken by the above mentioned college was to train people on using CHATGPT. Many people have starting using CHATGPT which has caused change in higher education by revolutionizing it. It is need of today's hour to get into and cope up with this competitive world. In this training session of one day we were taught the importance of CHATGPT and how to use the same. CHATGPT has solution for everything. You just need to give instructions or just type the title of the desired content and the desired content is ready for us. As we get lot of things easily here we should try to just refer it and then use it separately as per our need and requirement. We were taught to avoid copying the same content or the results that we get. We were taught to just take the ideas and then implement it on our own.

Report on "How to write Thesis"

Date of Training: 26th March to 30th March 2023

Mode: Online

Organising College: GOMSGURU ACADEMY

Report:

The FDP conducted by above mentioned academy was for five days. On first day we were taught how to select topic for thesis. What are the important points to remember before selecting the topics? On day second we were guided about the literature review which is one of the important parts of writing thesis. On day three we were instructed about the Research Methodology and Research Matrix which makes it easy for further journey of writing thesis. Day four was more interesting as it consisted of Data Analysis and Interpretation of data. We find it very easy but it is really tough job to collect the data do the analysis and interpret it correctly. Last day was final task of suggestions for the Thesis regarding the data collected it also included findings of the Thesis and finally Conclusion.

Report on the One Day National Colloquium

On NEP 2020: Implementation in Higher Education with Special Reference to NAAC, Organized by Self Finance Courses under the aegis of IQAC at Prahladrai Dalmia Lions College of Commerce and Economics

Day & Date: - Saturday, 4th March 2023

Introduction:

I had the privilege of participating in the One Day National Colloquium on "NEP 2020: Implementation in Higher Education with Special Reference to NAAC." This enlightening event was organized by Self Finance Courses under the aegis of the Internal Quality Assurance Cell (IQAC) and hosted by the prestigious Prahladrai Dalmia Lions College of Commerce and Economics on the 4th March, 2023.

Inaugural Session:

The colloquium commenced with a vibrant inaugural session. Esteemed dignitaries, including the Principal of Prahladrai Dalmia Lions College and representatives from the organizing committee, expressed their enthusiasm for the event. They highlighted the significance of NEP 2020 and its integration with the National Assessment and Accreditation Council (NAAC) in the context of higher education.

A series of engaging panel discussions were conducted throughout the day, with experts and scholars addressing various facets of NEP 2020 and its alignment with NAAC accreditation. Key topics included:

The panel focused on the importance of curriculum reforms, with a specific emphasis on multidisciplinary education, flexibility, and skill-based learning. Pedagogical innovations were also discussed to cater to diverse student needs.

The panel discussed the strategies and programs required to prepare educators for the evolving needs of higher education. It underscored the importance of training teachers in new pedagogical approaches and research methodologies.

The discussion revolved around making higher education more student-centric, ensuring academic and career counselling, mentorship, and creating an inclusive and conducive learning environment.
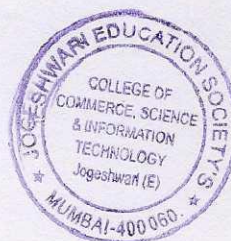

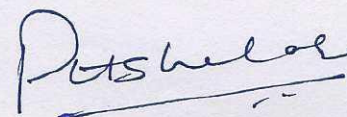

47

The colloquium offered workshops and breakout sessions to facilitate deeper engagement and learning. Attendees were encouraged to explore specific aspects of NEP 2020 and its practical implementation, such as adapting curriculum structures and assessment methods.

Conclusion:

The One Day National Colloquium on "NEP 2020: Implementation in Higher Education with Special Reference to NAAC" at Prahladrai Dalmia Lions College of Commerce and Economics was a resounding success. The event provided a crucial platform for insightful discussions and knowledge sharing among participants. It underlined the importance of collaborative efforts between academic institutions, NAAC, and policymakers in realizing the vision of NEP 2020.

Report on Aarohan 2023 "Sustainable Ideas for Business in the New Normal"

Date of Training: 23rd March to 29th March 2023

Mode: Online

Organising College: Atlas Skilltech University

Report:

It was great pleasure to be part of AAROHAN 2023 Summit as it was Global Entrepreneurship & Management Summit headed by world famous speakers. All the speakers shared their views and trained us by giving their valuable inputs and ideas regarding Business in Normal views. World's best speaker were invited to share their ideas regarding the modern business which has strong base of Marketing. Marketing plays an important role in doing business, if marketing strategies are weak we won't be able to sustain long in the market. Marketing guru's like Mr. Philip Kotler were invited who is called as 'Father of modern Marketing'. At the end of the session on last day there was discussion with the panel and all doubts were handled very nicely and they were answered by great experts.

. . .

AAROHAN 2023 is the Global Entrepreneurship and Management Summit organized by the ATLAS Student Research & Development Cell of **ATLAS SkillTech University.**

The summit aims to bring together academicians, researchers, students and industry practitioners to share and explore possible ways in which business models can be revamped and reimagined following the changing business dynamics after the pandemic. Thousands of participants from more than 50 countries are joining us for this Summit.

We are thrilled to announce that, AAROHAN - 2023 will be inaugurated by **Martin Roll**

Martin Roll is an experienced global business strategist, senior advisor and facilitator to Fortune 500 companies, Asian firms, family-owned businesses, and family offices. He advises clients on strategy, transformation, leadership & family business topics.
He is CEO of Martin Roll Company with more than 25 years of board & C-suite counselling experience. He is an advisor to several global boards and prominent business families, and a mentor for next generation leaders in business families, start-ups, and high-growth companies.

Join us for this Summit and get an opportunity to gain insights from 15+ Globally Renowned Speakers.

Registration Link: **https://lnkd.in/demyaVfQ**

E-Certificate will be provided to all participants.
