Workshop on Identifying Research Problem

Details of the Resource Person

1. Mr. Chitrarth Kate

He is serving as the Coordinator of the Research Cell at JES College of Commerce Science and Information Technology, his role involves spearheading initiatives that foster a culture of research and innovation within the institution. With a focus on bridging the gap between academia and practical research, Mr. Kate plays a pivotal role in nurturing the research ecosystem within the college.

In addition to his administrative responsibilities, Mr. Kate is also engaged in his own academic pursuits as a Ph.D. Research Scholar at a University of Mumbai. This dual role not only underscores his commitment to advancing knowledge but also ensures that he remains at the forefront of contemporary research methodologies and practices.

As a resource person for the Workshop on Identifying Research Problems, Mr. Kate brings a unique blend of theoretical insights and practical know-how. His expertise in research methodology, coupled with his deep understanding of the academic landscape, makes him an invaluable asset for participants seeking guidance in formulating meaningful research questions.

During the workshop, participants can expect Mr. Kate to provide comprehensive guidance on various aspects of identifying research problems, including the importance of clarity, relevance, and feasibility.

2. Mr. Aniruddha Kumawat

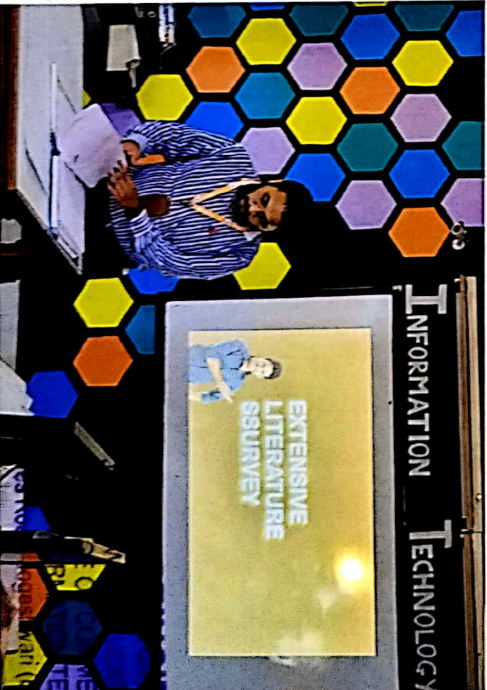

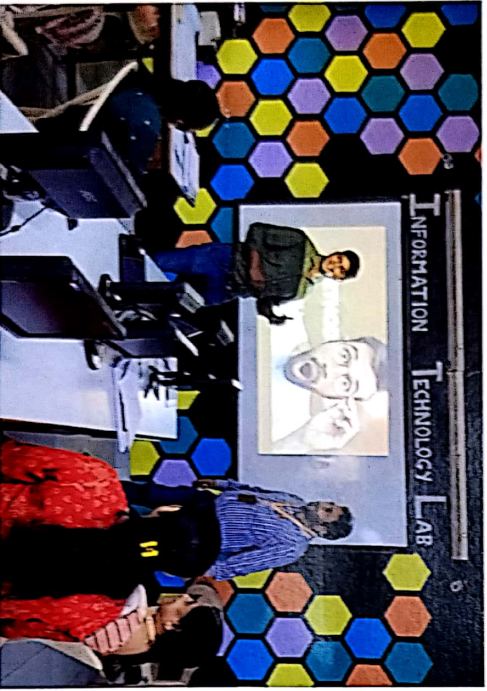

Mr. Kumawat is recognized for his innovative contributions to the field of research. His notable achievement includes the registration of a patent under his name, indicating his prowess in translating innovative ideas into tangible intellectual property. This achievement underscores his ability to identify and address research problems effectively, leveraging creativity and critical thinking to develop novel solutions.

As a co-resource person for the Workshop on Identifying Research Problems, Mr. Kumawat brings a unique perspective rooted in his experience at the intersection of quality assurance and research innovation.

Overall, Mr. Aniruddha Kumawat combination of administrative leadership, innovative thinking, and research acumen make him a valuable co-resource person for the Workshop on Identifying Research Problems. His ability to bridge the gap between theory and practice ensures that participants gain actionable insights that can propel their research endeavours to new heights.
