Report on R Programming

Date: 27th April, 2020 to 4th May, 2020

Organising college: B.K.Shroff College of Arts & M.H.Shroff College of Commerce

Topic: R Programming

Mode: Online

A eight day 'Online Faculty Development Program' was organised by B.K.Shroff College of Arts & M.H.Shroff College of Commerce from 27th April, 2020 to 4th May, 2020 on the topic 'R Programming'.

This program provided an easy introduction to programming in R for those who have little or no programming experience. Topics included were understanding file formats, basic R syntax, and how to use text editors to write code. The program also taught how to read in files, use symbols and assignments, and iterate simple loops, and the program closed with a discussion of data structures (including vectors and data frames) and subsetting.

The faculties were awarded with certificate of participation.

List of faculty attended the program:

1. Anjali Gaikwad *(Ankush)*
2. Archana Dhawade

Photocopies of the certificates are attached for reference.

Report

Date of Training: -10th may2020 to 15th may 2020

Mode: - Online

Organising college: -JAHIND COLLEG OF ENGNEERING

Topic: - R language for Analytics and data science

In these 6 day FDP we were taught about R language for Analytics and data science as it was tough time for students during COVID. R is an advanced language that performs various complex statistical computations and calculations. Therefore, it is widely used by data scientists and business leaders in multiple fields, from academics to business. Moreover, R interprets the data in a graphical form, making it easy to interpret and understand. These session is very helpful to help us to do it has static graphics that produce good-quality data visualizations.

Faculty Development Programmed: "Empowerment and through digital technology and e-learning

Date: 18TH MAY TO 30TH MAY 2020

Organized by: SNDT COLLEGE

Mode :-Online

This Online Faculty Development Programme for two weeks on empowerment and through digital technology and e-learning. A learning system based on formalised teaching but with the help of electronic resources is known as E-learning. While teaching can be based in or out of the classrooms, the use of computers and the Internet forms the major component of E-learning.

This is very help full for Adaptability and Flexibility ,Technology integration exposes students to various digital tools and platforms.

Course Name: Virtual Classroom
Duration: 21st May to 25th May
Organized by : KAIZEN FUTURETECH
Resource person: Manoj Kevadia

Overview

The webinar began with an insightful overview of the online virtual classroom program under consideration. This program, as described, is a web-based platform designed to facilitate remote learning and teaching. It provides a wide array of tools and features for educators and students, making it possible to conduct classes, engage with learners, and deliver educational content entirely online.

The "Online Virtual Classroom Program" webinar was a valuable experience, shedding light on the transformative potential of online education. It is clear that virtual classrooms, when harnessed effectively, can enhance academic practices, engage students, and promote inclusivity. However, it was acknowledged that there are challenges, particularly regarding technical issues, engagement, training, privacy, and inclusivity.
