Report on Awareness programme on Importance of Soil for biosphere

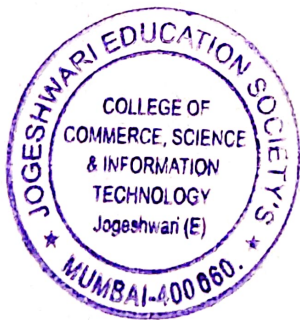

3rd March 2023

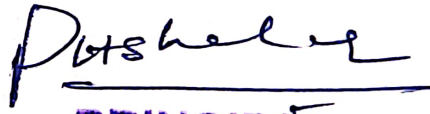

On 1st March 2023 Nature's Club has organised awareness programme on wet land for JES students. Student of FYBCOM B division with Prof. Vaishali Trivedi had taken initiative to spread awareness on importance of soil for biosphere. Twenty-four students had attended the programme.

The knowledge about importance of soil for biosphere was given through the medium of Power Point presentation by Sohan. Students were very eager to gather the information on such unique topic.

Many of the students were having zero knowledge on this topic. After attending the programme, they even interacted with Sohan and Prof Vaishali Trivedi through question answer session.

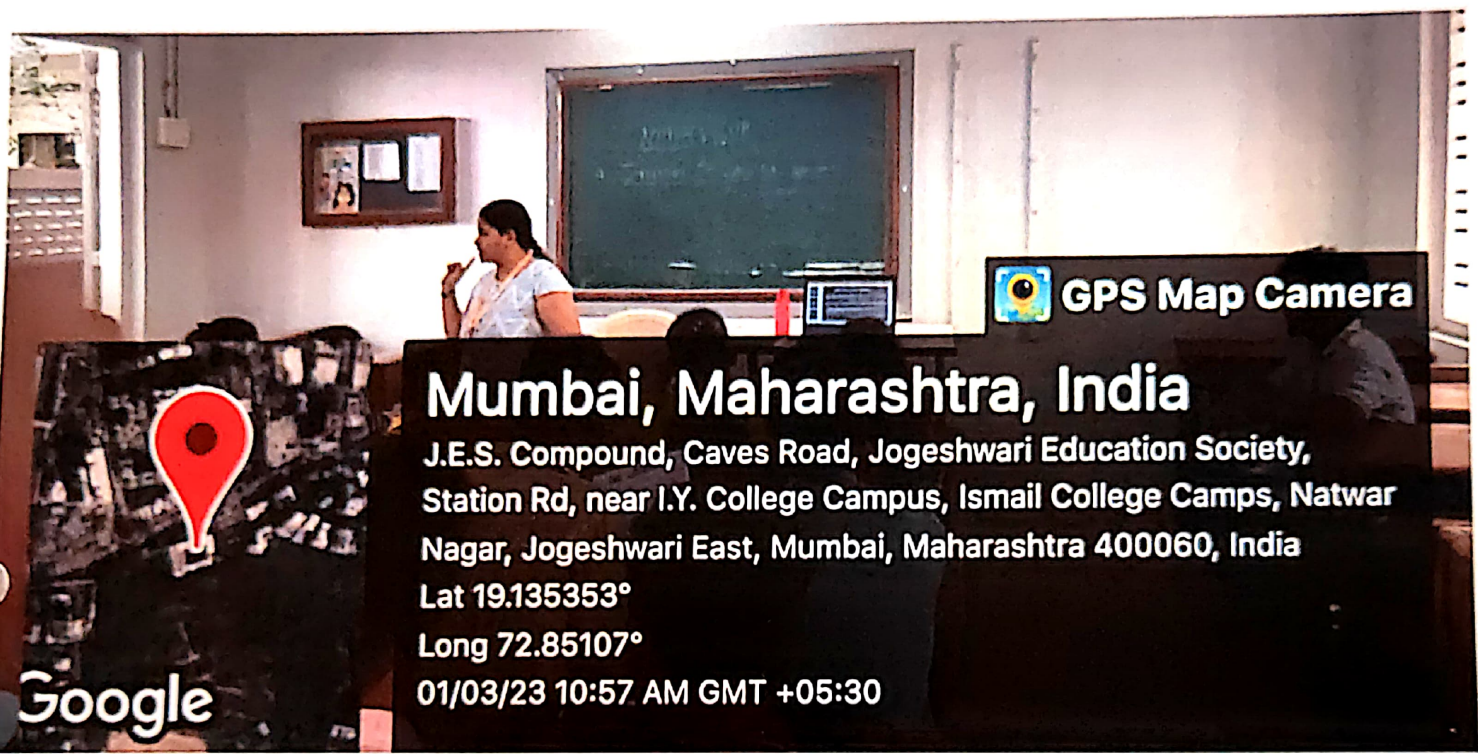

At the end of the session students had taken oath to protect Wet land for sustainable environment.
